AGRICULTURE.

ORDER IN COUNCIL No. 365.
(Approved March 27th, 1917.)

RULES AND REGULATIONS UNDER THE PROVISIONS OF THE "DAIRIES REGULATION ACT," CHAPTER 16, 1916.

PUBLIC NOTICE is hereby given that, in accordance with clause 9 of the "Dairies Regulation Act," chapter 16, 1916, the following Rules and Regulations were approved by Order in Council No. 365 on March 27th, 1917, and are now in operation.

JOHN OLIVER,
Minister of Agriculture.
Department of Agriculture,
Victoria, B.C., August 27th, 1917.

GENERAL.

The milk or cream of each patron shall be accurately and correctly weighed, and such weights shall be accurately and correctly reported to the patron and to the creamery or dairy (section 2, "Dairies Regulation Act," chapter 16, 1916) purchasing same.

For testing purposes, a sample representative of the contents of all cans in each consignment of milk or cream of each patron shall be taken. The milk or cream shall be mixed by pouring or stirring until such milk or cream is uniform and homogeneous in richness before the sample is taken. The proportion which a sample intended for a composite test bears to the weight of the milk or cream from which it is taken shall be reasonably maintained in the taking of all other samples entering into such composite test.

Samples of milk or cream taken for a composite test shall be kept in a cool place, in a separate, well-stoppered bottle labelled with the patron's name or number.

Composite samples shall be tested not less often than semi-monthly, and reports shall be personally delivered or mailed to the shipper by the Inspector immediately following the making of the test.

Samples shall be held for verification for seven days after test is made, except that in cases of dispute they shall be held until a Dairy Inspector of the Department of Agriculture of the Province of British Columbia shall have tested them.

It shall be unlawful to fraudulently manipulate the weights of milk or cream of any patron or supplier of milk or cream, or to take unfair samples thereof, or to fraudulently manipulate such samples.

It shall be unlawful to underread, overread, or otherwise fraudulently manipulate the Babcock or other test used for determining the percentage of fat in milk or cream, or to falsify the record thereof, or to read the test at any temperature except the correct temperature, which is 135° Fahr. (one hundred and thirty-five degrees Fahrenheit), or to pay on a basis of any measurement or weight except the true measurement or weight, which is seventeen and six-tenths (17.6) cubic centimetres for milk, and nine (9) or eighteen (18) grammes by actual weight for cream.

LICENCES FOR CREAMERIES OR DAIRIES.

Every creamery or dairy (section 2, "Dairies Regulation Act," chapter 16, 1916) receiving, buying, and paying for milk or cream on the basis of the butter-fat contained therein shall be required to hold a licence. The licence shall be issued to such creamery or dairy by the Department of Agriculture of the Province of British Columbia upon the receipt of an application from such creamery or dairy filed or made by filling out such application form as may be provided by the Department of Agriculture of the Province of British Columbia, and upon the payment of a fee of one dollar (\$1).

The licensee shall expire on the fifteenth day of January of each year, but may be revoked by the said Department of Agriculture of the Province of British Columbia if the licensee fails to comply with the provisions of this Act after a warning notice of seven (7) days has been given.

Each year, previous to the expiry of any existing licence, application for a renewal of licence must be made, and at the same time such report as may be required by the Department of Agriculture of the Province of British Columbia shall be filed with the said Department.

Upon receipt of the licence, the same must be posted in plain sight in the testing-room of the creamery or dairy.

The sampling and testing of milk and cream must be performed in accordance with instructions set forth in Bulletin No. 45 of the Dairy and Cold Storage Series of the Dominion Department of Agriculture, Ottawa, Canada, entitled "The Testing of Milk, Cream, and Dairy By-products by Means of the Babcock Test," or by directions which may be issued by the Department of Agriculture of the Province of British Columbia.

LICENCES FOR TESTERS.

Every creamery or dairy (section 2, "Dairies Regulation Act," chapter 16, 1916) buying and paying for milk or cream on the basis of the butter-fat contained therein shall have in its employ one or more licensed testers, who shall supervise and be responsible for the taking of all samples, and shall operate the Babcock test of milk and cream.

The licence shall be issued to such person by the Department of Agriculture of the Province of British Columbia upon presentation by the applicant of proof of his competency, and upon payment of a licence fee of one dollar (\$1); provided that the ownership of the whole or any part interest in any dairy or creamery shall not operate as a bar to the receiving of a licence under this section or to prevent such holder acting as Inspector in connection with the operation of such dairy or creamery in which he has any interest as before mentioned. This licence shall be valid for the term of one (1) year, and may be renewed upon application, without re-examination. The licensee shall be revoked by the Department of Agriculture of the Province of British Columbia if the licensee has failed to

comply with the Rules and Regulations under which the licence was granted.

A candidate for a tester's licence must take and successfully pass a tester's licence examination. The announcements of such examinations will be issued by the Department of Agriculture of the Province of British Columbia, due notice being given of place and date of such examinations.

The Minister of Agriculture may appoint an Inspector at any place where in his opinion there is sufficient business to justify such appointment. The expenses connected therewith shall be paid by the interested parties in such portions as may be agreed upon, or, failing agreement, as ordered by the Lieutenant-Governor in Council.

The tester's licence must be posted in plain sight in the testing-room of the creamery or dairy in which the tester is employed.

It shall be the duty of a tester, upon leaving any place of employment, forthwith to notify the Department of Agriculture of the Province of British Columbia, Victoria, B.C.

It shall be the duty of a tester to report to the Department of Agriculture of the Province of British Columbia any cases of unclean milk or cream that may come under his observation.

Any tester as an employee of any person, firm, company, association, or corporation buying or paying for milk and cream on the basis of the amount of butter-fat contained therein, violating any of the provisions of the "Dairies Regulation Act," chapter 16, 1916, or Regulations passed by Order in Council by authority of this Act, shall, upon conviction thereof before a Justice of the Peace, incur a penalty of not less than twenty dollars (\$20) and not more than one hundred dollars (\$100). A third offence shall incur cancellation of the tester's licence.

Any person, firm, company, association, or corporation, by him or itself or through any employee or agent, knowingly violating the provisions of the "Dairies Regulation Act," chapter 16, 1916, or Rules and Regulations passed by Order in Council by authority of said Act, shall, upon conviction thereof before a Justice of the Peace, incur a penalty of not less than twenty dollars (\$20) and not more than one hundred dollars (\$100).

RECORDS OF WEIGHTS AND TESTS.

A record of all weights and tests of all patrons or suppliers of milk or cream shall be at all times open to inspection by patrons whom they concern and by the Provincial Dairy Inspectors.

Any patron or supplier of milk or cream who suspects fraudulent manipulation, on the part of the Inspector or of the person, firm, company, association, or corporation receiving as purchasers such milk or cream, of the weights or tests thereof shall have the privilege of applying to the Department of Agriculture of the Province of British Columbia for a verification test. Such application shall be accompanied by a fee of five dollars (\$5), recoverable with costs as against the offender if fraudulent manipulations be proved.

For the purpose of proceedings under the "Dairies Regulation Act," chapter 16, 1916, every offence against said Act shall be deemed to have been committed, and every cause of complaint under this Act shall be deemed to have arisen, either in the place in which the same actually was committed or arose, or in any place in which the person charged or complained against may be found. au30

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in each Electoral District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest Electoral Districts in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

And

if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with copies of the notices published.* Such publication to be proved by affidavit or declaration to the satisfaction of the Clerk of the House.
